

Legion Post To Sponsor Junior Baseball Team

Steve Dolan Will Be Head of New Organization

A new baseball team for juniors to be sponsored by the American Legion post is being organized under the management of Steve Dolan. This team will play the Legion-sponsored teams in surrounding towns. Boys between the ages of 12 and 17 are eligible, and all those who want to join are notified to see Dolan, at the municipal ball park any time Saturday.

Mr. Dolan also wants to organize a girls' indoor ball team and the girls are also requested to see him at the park next Saturday. This will be a fine chance for exercise and fun for both boys and girls, and a new championship team may develop out of the season's play.

Baseball games at the Pueblo last Saturday between the Pueblo and Waleria teams were a cinch for the Mexican players. The Pueblo girls won, 10-6, and the boys won, 14-11.

Next Saturday, according to Miss Josephine Odell, the Torrance children will be entertained at the Recreation Center, 1316 Cabrillo, while the Waleria children will go on a beach party. Last Saturday 83 Torrance youngsters went to Cabrillo Beach, chaperoned by three adult supervisors, and four parents, who helped out with the transportation as well as with overseeing the beach sports.

On this date the Pueblo boys baseball team will play the Police and Fire department team at the municipal ball park, starting the game at 9:30 a. m.

Miss Odell invites the parents to come down to the Recreation Center any day between 10 and 12 o'clock noon, or 3 to 5 in the afternoon, to get acquainted with the work the playground directors are doing. Attendance is growing each week as more and more children are brought to the streets and vacant lots to play under the care and direction of adults in the regularly equipped playgrounds. Parents who have not yet sent their children to the playgrounds will not hesitate to do so after they see how the work is conducted.

CHRISTIAN SCIENCE CHURCHES

"Adam and Fallen Man" is the subject of the Lesson-Sermon on Sunday in all branches of the Mother Church, The First Church of Christ, Scientist, in Boston. The Golden Text is from Paul's first letter to the Corinthians: "As in Adam all die, even so in Christ shall all be made alive."

The Lesson-Sermon elicits from the Bible Paul's words to the Romans: "For as by one man's disobedience many were made sinners, so by the obedience of one shall many be made righteous. Moreover the law entered, that the offence might abound. But where sin abounded, grace did in perfect measure abound, so that as sin hath reigned unto death, even so might grace reign through righteousness unto eternal life by Jesus Christ our Lord."

One of the correlative selections from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, is as follows: "The Psalmist said: 'Thou madest him to have dominion over the works of Thy hands. Thou hast put all things under his feet.' The great truth in the Science of being, that the real man was, is, and ever shall be perfect, is incontrovertible; for if God is the image, reflection, of man, he is neither inverted nor subverted, but upright and Godlike."

Sudden Death of Miss Dorothy Myers

Friends and schoolmates of Dorothy Myers, 870 graduate of Torrance high school, were greatly shocked to learn of her sudden death Saturday morning following an operation for appendicitis.

Miss Myers was employed at both the Torrance elementary and Fern street schools. Funeral services were conducted Tuesday at the Wee Kirk o'te Heather church in Glendale by the Torrance Job's Daughters of which the deceased was to have been the next queen.

In the beautiful ceremony the whole Job's Daughters membership joined in their white lodge robes formed a cross at the head of the grave.

Looters of Cake Shop Are Due For Unhappy Surprise

Burglars who cleaned out the Angelfood Cake Shop, 2358 Redondo-Wilmington boulevard, Lomita, operated by Miller & Kette, are due for a dangerous surprise, unless they read this item and take warning. The prowlers, who entered with a passkey, made a thorough job of looting the premises Monday night, taking not only cash, but food supplies and fixtures down to a burnt match holder. Among the items was a syrup bottle, containing a liquid match poison. The pancakes that are spread with the contents of this bottle are apt to disagree violently with somebody.

GOING EAST? WE'RE SELLING

THIS summer, it's up with quality and down with cost on your trip East via Southern Pacific. Starting MAY 15, rail and Pullman rates to many places will be even lower than last year. And yet, you will get more than ever for your money. For example, a good many of the cars on our leading trains will be air-conditioned. In these cars, air will be filtered and purified. Its temperature and condition will be scientifically regulated for greatest comfort. Heat, cold, dust and noise will be eliminated. These air-conditioned cars will include, for the present, the diners, observation, club, lounge and room cars (compartments, drawing rooms) on the Golden State, Sunset, Overland and Cascade Limiteds. Southern Pacific will operate more air-conditioned equipment East this summer than any other railroad serving California. And will charge nothing extra for this service. It is a fast, direct, luxurious trip to Chicago interests you, we urge you to try the superb Golden State Limited (former extra fare abolished; no extra fare on any Espee train). Ask about the new, low rates for checking your car with you when you buy two first-class tickets.

band according to the old tradition. Oftentimes a reception is held which can be just as simple or elaborate as you wish, and if you just want to entertain the family and bridal party after an evening wedding, try the buffet style as it simplifies the service even if the menu is quite hearty.

HERE COMES THE BRIDE

The well-known march of Lohengrin, "Here Comes the Bride," will be echoing through many a church and home the next few months, especially in June which is called the month of brides and roses. Some of you may be vitally interested in the wedding plans, while others may be celebrating a wedding that took place some two, five or 25 years ago. In any case the food to serve is of utmost importance.

The actual planning of the wedding refreshments seems to bother most every bride's mother or relatives, for, of course, everything must be of the best and most everyone is inclined to splurge a bit for this occasion.

Any meal that follows a wedding and is served before 12 o'clock is commonly called a wedding breakfast, although those from 10 to 12 resemble luncheon in every respect. The typical breakfast served early in the morning consists of some type of fruit cup or combination such as unshelled strawberries and fresh pineapple wedges grouped around a pile of powdered sugar, followed by one or two hot dishes such as scrambled eggs, or fried oysters, hot breads accompanied by coffee or chocolate or both.

When the wedding is held later in the day, say at high noon, the menu is more elaborate, although it still starts out with fruit. Of course, you can follow this with bouillon, either hot or jellied, but it is entirely optional and depends upon how fancy a menu you are preparing. Cream dishes are good for the wedding breakfast with lobster, chicken, sweetbreads, mushrooms or oysters the most popular ingredient. This hot mixture might be served in patie shells, bread cases, timbales, or even potato cases. With this main course decided upon, serve any kind of fresh vegetable such as peas or asparagus and potatoes in some interesting manner. This is usually followed by a fruit ice and cake. The wedding cake is the dark, rich-type like a fruit cake and is often given to the guests in small, white monogrammed boxes. The bride's cake is white and beautifully leaved and the bride alone cuts the first piece and divides it with her new husband.

Star Appetizer Thoroughly Unique Cut grapefruit in halves and remove alternate sections of the fruit. Place whole, perfect strawberry in every other section. Sprinkle with powdered sugar just before serving.

For aid in household problems, menu planning, or special recipes, send in your request with a self-addressed, stamped envelope to Julia Lee Wright, director, Homemakers' Bureau, Safeway Stores, Inc., Box 669, Oakland, California.

Board Turns Down Request For Water Treatment Injector

Expenditure of \$400 for installation of a chemical injector for treatment of the water supply of the Lomita Water Works district was tabled by the board of supervisors this week, and the matter referred to the county health officer, Dr. J. L. Pomeroy, for report. Installation of the chemical injector was recommended by the county mechanical engineer, William Davidson, who said that it had been found by experimentation that copper sulphate improved the water, and was less costly than chlorination. The Lomita water supply contains a large amount of algae, difficult to control, according to Davidson's letter to the supervisors. Injection of chlorine gas and ammonia into the water also has been tried, according to the letter to the supervisors. The supervisors will await a report from the county health officer before approving the expenditure of \$400 for the chemical injector. Davidson recommended that the county purchasing agent be instructed to purchase the injector, and that the cost be charged to the capital account of Water Works District No. 13, serving Lomita.
